

How long have you been publishing this voter information project?

Publishing is a big word! We started this project in the fall of '92 and gave copies to our friends who gave copies to their friends, and on and on. Since then we have grown from doing a few races in Sarpy County to nearly all of Sarpy and Douglas and major parts of Cass, Lancaster, and Washington Counties. We added Seward County when a “country coordinator” volunteered. Other counties may be added as workers to do the job become available. We also make efforts to explain Ballot Issues, plus provide information on judges. We used to call it Voters Guide, but wanting to make it clear that we make no endorsements and only provide information, we now call it Voters Information Project. We make it available to ANYONE who wants it, attempting to print only as many copies as are requested.
