Church: St. Elizabeth Ann Seton , Family: Cameron Gales Sr., Brandi Schenkelberg Gales, Addison Gales 5ys, Jesslyn Gales 4yrs, Cameron J Gales Jr. 9months.		01 Biographical	My wife is Arlette. She is an RN at Alegent/Creighton/St. Joe. I have three grown children. I am Presbyterian. I have owned Don Kroupa Insurance since 1966. I attended South High School and Omaha University and served in the Army as a military policeman for six years.	
The city has a spending problem that has led to a tax problem. As District Seven's next City Councilman, I will work to implement a targeted reduction in spending in order to cut taxes and ultimately keep more of the taxpayers' money where it belongs... in their pocket.		02 Motivation	To cut city spending and to lower property taxes for homeowners.	
I have a Master's degree in public administration, have worked in public service for 10 years, and am absolutely dedicated to being a great steward of the taxpayers' money.		03 Qualifications	I am a business owner, a lifetime Omaha resident, and was elected to the Metropolitan Utilities District board for three 6 year terms. I was board chairman for 3 years.	
An agenda set by an international body is not the solution to problems in the United States. The market will dictate the fate of "Green" initiatives. We care about our city and do not need the United Nations to tell us how to take care of our own. Global enforcement of human activity is a very dangerous path and a bad idea from its inception.		04 Sustainable Development	I believe it would be a detriment. I don't believe the government has any role in establishing this policy.	
I will always consider wants versus needs. The city should loosen zoning regulations and let the market provide its own business incentives. This action alone will save the taxpayers money. Each budget should include plans for all long term commitments.		05 City Resources	The council and the mayor should work together and review each year's budget.	
There are currently far more dogs being adopted than cats in Omaha. We have to maintain a level of control on growth in the cat population. That starts with being responsible animal owners.		06 Animals	Make sure all pets are licensed.	
Illegal immigration is exactly what the name implies- illegal. The city will continue to follow current state and federal immigration law.		07 Illegal Immigration	Illegal immigration must be addressed. The city and federal government must work together to solve this issue.	
I believe that the city should invoke eminent domain only when it is absolutely necessary. The idea that government may force a property owner off of his or her own land frightens me and should only be implemented in extreme circumstances.		08 Eminent Domain	I feel eminent domain should be as the last resort.	
One success story concerning crime is the community and police collaboration through the Empowerment Network Omaha 360 project. The project facilitates a working relationship between the people of the community and the police department. Once this collaboration is implemented city wide the city of Omaha will see a significant drop in violence.		09 Crime	We should work with other law enforcement agencies to address this problem.	
Until we can provide safe communities for businesses to thrive there will not be major job creation. My main priority is securing the small businesses that reside in district seven. The best thing the government can do to ensure job growth is to stay out of the way and encourage entrepreneurship.		10 Jobs	Try to create more job opportunities and try to work with the business community.	
There has to be a mutual respect between both. The past council and the mayor have not been in agreement on issues that affect the city and the growing debt that the city has reflects that. Each Council member must stay active in his or her district in order to keep the district's needs at the top of their to-do list.		11 Representative Government	We should work together to better serve the residents of Omaha	
[not answered]		12 City Business Connection	No	
I would vote to repeal the issue. Creating a protected class inherently discourages equality by elevating one group of people over another.		13 Homosexual Ordinance-Omaha	[not answered]	
The City Charter is the book that outlines the key functions of the city councilman position. Yes I have read the City Charter. The Constitution of the State of Nebraska is also pertinent to city officials. Above all else, the Constitution of the United States of America with its amendments is the supreme law of the land. I have read the Constitution and will always fight to preserve, uphold, and protect the Constitution of the United States.		14 Governing documents	[not answered]	
Being available is something that has been a huge concern with the people of district seven. I find it concerning that the people of the district have no idea the name of the current councilman. That will change when I am elected. I will communicate regularly with forums, email updates and other social media. I want to make sure I am one of the most accessible councilmen in Omaha.		15 Constituents' concerns	I will be open to listen to all concerns of my constituents.	
My family has been the foundation of my campaign. Without the support of my family I would not have run for office. When I am elected, my family will remain supportive and I will work to keep my family life in perspective separate from my affairs of the city.		16 Family	[not answered]	
Decisions should be made with these key components in mind: The people of your district, the city, and the representative's morality.		17 Personal/Political	My personal principles will be considered, but what is best for the residents will always be my goal.	
I agree with the Defense of Marriage act, the law that defines marriage as a legal union between a man and a woman.		19 DOMA	[not answered]

Cameron Gales (Republican)		Question	Don Kroupa (Republican)	
I am guided in life by my religious beliefs. I understand and respect a person's right to what guides their decision making however when considering a councilman understand that my political decision on social issues will have influences from my faith .		18 Political decisions	[not answered]	
I view Pro-Life as a God given right to life. I stand firm in my belief of the right to life of an unborn child as a father and a Christian. In the case of murder the victim wasn't given a choice of life, it was taken from them. Capital punishment is an action taken once a person's right to life has been taken from them. With that in mind, I am in favor of capital punishment.		20 Abortion/capital punishment	[not answered]	
I have concerns with the Patient Protection and Affordable Care Act and the Democrat party's stance on social issues. When I placed my vote it was reflective of my conservative viewpoints.		21 Past President	I considered all candidates' views and voted for the person I thought was the best candidate.	
[not answered]	22 Anything else?	My over 40 years of business experience as a business owner, and my 18 years of service on the MUD board working with the budget and the unions would be very helpful to me on the City Council.

Tim & Marilou Lonergan, 7 kids: Katie, Coleman, Sammy, Emma, Grace, Mary, Timmy JP. I attend St. Elizabeth Ann Seton Catholic Church. I am self-employed (Lonergan Lawns). I believe the number one issue is keeping taxes low.	01 Biographical	I am 40 years old and married to Scott Melton. We have three sons, ages 19, 12, and 5. We are active members of St. Robert's church. I am a former Deputy Douglas County Attorney and currently am managing partner of Reagan, Melton & Delaney law firm. I grew up in Omaha and attended St. Robert's grade school and Marian High School. My family moved to Illinois for a few years and I graduated from a Sacred Heart school in Chicago. I attended the University of Nebraska-Lincoln and graduated from the University of Nebraska-Omaha with a BS in Political Science. I then got my JD from Creighton University School of Law. A complete biography can be found on my web site at www.meltonforomaha.com .		
I have run for the office in the past and still have the desire to serve my community. I will work for the removal of the restaurant tax, and increase public safety.	02 Motivation	Taxes. Our current city council voted for a 15% increase in our property taxes, a 43% increase in the wheel tax, instituted a new restaurant tax and occupational tax. I enjoyed serving the people of Omaha as a prosecutor and decided that this would be a good opportunity to serve the people again. My law partners are very supportive of my campaign and have agreed to allow me to reduce my hours at the firm in order to serve our city.		
I have been an elected member of the Metropolitan Community College Board. I am a small business owner and Veteran. I have the ability to work with individuals with different viewpoints.	03 Qualifications	Former Douglas County Prosecutor; Managing partner of a law firm; Wife and mother who understands the challenges facing Omaha families.		
The city of Omaha should continue to educate and encourage people to recycle (Reduce, Reuse & Recycle).	04 Sustainable Development	City planning regulations should be decided at the local level on what is best for Omaha. I would be concerned with Omaha adopting some international standard that does not take local concerns into account and how it would affect our economy and the needs of our citizens.		
Yes. Getting more dollars back in the hands of the tax payer.	05 City Resources	We need to fix the pension shortfall problem. This is a bill for Omaha taxpayers that is approaching \$1 billion and is already an expensive issue that the city is not addressing. The Planning and Building and Safety Departments need to work better with our builders to make sure the rules for public safety are followed, but that enforcement doesn't place too large of a burden on new construction and remodeling projects.		
Keeping them licensed.	06 Animals	As a dog-owning family ("Charlie" our golden retriever) we love and appreciate companion animals in our family. As I've walked my district listening to citizens, pet concerns have not come as an issue. I'm sure people who use our parks and trails would appreciate it if dog-owners who use those places would make sure they are picking up waste from their pets and disposing of that properly.		
The federal government needs to address this issue and determine an immigration policy. [City role?] None	07 Illegal Immigration	Immigration is a federal government issue and the courts have determined that cities and states can do little to impose more strict immigration laws to deal with the problem. I would not encourage Omaha to become a "safe haven" type of community for illegal immigrants like some cities have done.		

OMAHA CITY COUNCIL – District 7 Page 3 of 3, Part 2 of 3 (cont)

Tim Lonergan (Republican)		Question	Aimee Melton (Republican)	
Sometimes it will need to be done for the economic growth of the city, the property owners need to be compensated fairly.	08 Eminent Domain	I believe private property rights are a primary constitutional right for all citizens. Eminent domain should be used only as a last resort when every other option has been explored. As a council member, I would be very hesitant to use that power on our citizens or businesses.		
Give the OPD the tools to do their job.	09 Crime	The police department needs more officers to be trained and assigned to the Gang Unit to track, follow and infiltrate the numerous gangs that exist in Omaha. We also need to coordinate with many of our non-profit organizations that diligently work to provide services to at-risk youth in our community. In addition, we need changes in our juvenile court system to combat the affiliation with gangs by our youth.		
The jobs are there if you want to work. However, good full time work is hard to come by. The city can encourage business to locate to the Omaha area. [Specific ideas?] Keep Omaha business friendly.	10 Jobs	Part of our crime problem extends from a lack of job skills training that used to be provided by our public schools. I am pleased to hear current school board candidates talk about the need to bring industrial arts classes back into our high schools. But we also must do what we can to encourage businesses with good jobs to locate in the sectors where unemployment is higher to make it easier for the people to get to work. Many times transportation issues go along with unemployment issues.		
I would like to have the Mayor have the power to negotiate city contracts. The current situation is wrong.	11 Representative Government	The Mayor and City Council should serve as a check and balance on one another to increase transparency in city government. The "secret salaries" handed out by the current mayor are just one instance where the public had a right to know about those but that information was hidden from them. All city government should do a better job of making their decisions and the processes that go into making those decisions more open and transparent. That will help build the public trust that is missing, to a great extent, from our city/citizen relationship.		
No	12 City Business Connection	Omaha has a law against a city council member serving in office while having a significant interest in a business that has a contract with the city. I do not personally and do not believe any family member has one either.		
I will vote to rescind the ordinance. [special rights?] Refer to The Civil Rights Act of 1965.	13 Homosexual Ordinance-Omaha	As an attorney and former Douglas County Prosecutor, I worked closely with the victims unit and am aware of all different kinds of abuse people can suffer. There should not be discrimination against anyone in the city of Omaha. I am concerned with creating another special "class" of citizens who would have special and unique rights over other citizens. Creating another special class could increase the number of lawsuits and create expensive and burdensome issues for businesses and employees regarding compliance. I would vote no on that ordinance.		
The Omaha City Charter. [read them?] Some of them back in College. ["uphold Constitution"?] Follow the laws of the Charter.	14 Governing documents	Any elected official must uphold and defend the Constitution of the United States, the Constitution of the State of Nebraska and the Omaha City Charter and local ordinances, so those would be the governing documents for serving as a council member. "Uphold the Constitution" in my view means to look at the original interpretation of the document by the people who wrote it and apply that interpretation to modern problems and issues.		
I will attend neighborhood meetings, attend local events at schools, remain active in my parish and listen.	15 Constituents' concerns	I have already promised my constituents to put out a quarterly newsletter informing them of upcoming meetings, hearings and events as well as what the city government has been doing for the previous few months. I will continue to attend events and neighborhood meetings in the district. Listening to the citizens is my primary way of campaigning and I believe it's the best way to be a representative for the people while serving them in office.		
They have encouraged me to give back to my community. [affect family?] None	16 Family	My family has been extremely supportive of my decision to run for city council and they are some of the most active volunteers in my campaign. I see serving on the city council as a very high priority for me and my family and will do whatever is necessary to accommodate the new demands of the office.		
I would hope a lot. [counsel?] First my family, and neighbors.	17 Personal/Political	Obviously, as a representative of your district, your own personal judgment comes into play when making decisions. But a good representative will keep in touch with their constituents and make sure they are representing their constituents' views when voting on city issues.		
If it applies to the situation, I would use the Bible as a moral guide.	18 Political decisions	As a life-long Catholic I feel the Bible offers a wide range of teachings and principles on which to base an individual's personal behavior and value system. Of course, I will have those as guidance when dealing with issues of honesty, fairness and right and wrong.		
I believe that a marriage is between a man and a woman. Please respect my opinion.			19 DOMA	I support the Defense of Marriage Act.
To be Pro-Life means to uphold the dignity of every human person. Pro-choice is really pro-abortion. I am a Pro Life, Republican, Catholic. Life is a gift. [capital punishment?] Capital punishment is not a pro-life issue. It is a criminal issue. It is sometimes (rarely) necessary to protect society.	20 Abortion/capital punishment	I am pro-life and oppose abortion except in the case of saving the life of the mother. I do believe capital punishment is a pro-life issue and it should be abolished. Moreover, the cost of appeals and years of litigation that follow often costs the tax payers more money.		
Obamacare, and Pro-life issues.	21 Past President	I looked at how the candidates stood on dealing with our failing economy, our out-of-control spending at the federal level, their position on raising taxes, their plan for improving the economic environment to create jobs, and their views of keeping America strong militarily in a world that is becoming even more dangerous.		
[not answered]	22 Anything else?	I will listen to my constituents. I also believe I have the education, experience and convictions to make common sense decisions for the city and I am the right choice for a better Omaha.
